

SHREYA KARANJKAR

◇ PUNE | shreyaakdev@gmail.com | 8261890019

Summary

Front-End Developer **with total 6 years of experience** in building responsive and dynamic web applications. Expertise in **Angular 12+, HTML, CSS, JavaScript, Bootstrap 4, SaSS, Angular Material, RxJS, Github, Bitbucket, Jenkins AWS**. Strong problem-solving abilities and a passion for crafting seamless user interfaces. Adept at working collaboratively in fast-paced environments while delivering high-quality code and design.

Professional Experience

Angular Developer

LTM – Pune

November 2024 – Till Date

- Developed scalable and responsive web applications using Angular, improving application performance.
 - Worked closely with UX/UI designers to implement interactive and visually appealing user interfaces.
 - Utilized RxJS to manage asynchronous data streams and handle API calls effectively.
 - Leveraged AI tools to analyze UI defects, identify root causes, and implement effective solutions, reducing debugging time.
 - Investigated and resolved production issues by analyzing browser console logs, application behavior, and user-reported defects.
 - Successfully identified and fixed critical production bugs, ensuring application stability and minimizing business impact.
 - Collaborated with QA and support teams to reproduce issues reported in Production, SIT, and UAT environments and deliver timely fixes.
 - Collaborated with backend developers to consume RESTful APIs and ensure smooth communication between frontend and backend services.
 - Followed Agile development processes, participating in daily stand-ups, sprint planning, and reviews.
-

Front End Developer

Harvest Designs – Pune

January 2020 – October 2024

- Developed scalable and responsive web applications using Angular, improving application performance.
- Integrated **Angular Material 14 and Bootstrap 4** to create consistent and responsive UI components.
- Worked closely with UX/UI designers to implement interactive and visually appealing user interfaces.

- Utilized RxJS to manage asynchronous data streams and handle API calls effectively.
 - Collaborated with backend developers to consume RESTful APIs and ensure smooth communication between frontend and backend services.
 - Followed Agile development processes, participating in daily stand-ups, sprint planning, and reviews.
-

Technical Skills

- **Front-End Technologies:** Angular 14+, TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS
- **UI Frameworks & Libraries:** Bootstrap, Angular Material, Responsive Web Design, Figma
- **Angular Features:** Reactive Forms, Template-Driven Forms, Angular Routing, Lazy Loading, Route Guards, Services, Reusable Components.
- **API & Data Handling:** REST API Integration, HTTP Client, RxJS
- **Version Control Tools:** Git, GitHub, Bitbucket
- **CI/CD & Build Tools:** Jenkins AWS
- **Development Tools & IDEs:** Visual Studio Code (VS Code), Chrome Developer Tools
- **Project Management Methodology:** Agile/Scrum
- **Operating Systems & Platforms:** Windows, Web-Based Applications, Cross-Browser Development

EDUCATION

• Bachelor of COMPUTER APPLICATIONS

SNDT University, College of Computer Applications, Women, Satara. Maharashtra.

LANGUAGES KNOWN

English, Hindi, Marathi ,

Japanese (Pursuing Intermediate **N3** Level)
